THE PRINCIPAL OPERATIONS IN 1916 AND 1917

Note:- The Russian armies are shown in the area they occupied at the commencement of Brusilov's Offensive on the 4th June, 1916. The line north of the River Pripyat remained the same till the capture of Riga by the enemy in September, 1917. The Russian line south of the Pripyat was advanced as shown by the successful offensive of June and July, 1916, and remained in the forward position till the debacle of July 1917.
